## INCORPORATION MADE MEN'S CLUB POLICY

### Grove Store Open Evenings Start December 12

Most Lemon Grove stores will start staying open evenings on Monday, December 12, a cross section survey indicated this week.

### New Drive In Theatre Opens This Week

The Lemon Grove Ace Drive In Theatre, on Grove Street between Broadway and Imperial, will open this week, Joe Shure, operator of the establishment, said Monday.

The opening has been delayed several days due to heavy rains and muddy condition which prevented paving the parking area until this week.

Opening features will be "To Hell and Back" with Audie Murphy and "Private War of Major Benson."

### Post Office to Take Over Old Bank Building Til Xmas

The Lemon Grove Post Office has rented the former quarters of the First National Bank to handle the Christmas rush mail. Postmaster Frenchy Faucher said today.

On December 5 you may mail your Christmas parcels next door to the post office. We are going to handle all outgoing mail from these quarters. This will give you an opportunity to see the actual handling of your mail from the counter to the mail sack. Other postal business as usual at the post office.

### Michael's on the Move Again— Sets Big Table of Free Food

Seventh expansion of Michael's in four years will be marked with an "appreciation party" Thursday, December 1, Henry Goldy, head of the famous Lemon Grove restaurant corporation, said this week.

Ceremonies in connection with the event will include dancing, a floor show, other entertainment, from which guests may eat without cost late in the evening.

Goldy said that the party was to "express gratitude for the acceptance" his firm has been given by its patrons.

"We've doubled our front area," Goldy said. "In 1953 we had a 20 foot front, then we enlarged to 34. Now it measures 75 feet wide. Our floor space has been quadrupled to its present ten thousand square feet size," he said.

"We employ 68 people and our payroll is one-fourth million dollars a year," Goldy said. "We employ local people and suggest that they spend their money in Lemon Grove, he added. Mrs. Goldy is associated with Goldy in the business. The wife is named after the couple's only son.

The smorgasbord on opening night will be "fabulous," Goldy said. A list of items on the table include:

Roast turkey  
Baked ham  
Boiled ham  
Roast beef  
Corned beef  
Roast duck  
Potato, macaroni and shrimp salad  
German, Kosher and Lebanon salami  
Pennsylvania Dutch and Polish sausage  
Polish ham  
Koblenz  
Pork knish  
Liverwurst  
Braunschweiger  
Goose liver  
Pistachio liverwurst  
Smoked liverwurst  
Head cheese  
Blood sausage  
Swiss American and Roquefort cheese  
Garlic, Pimiento, Liderkrans, Smoky and Blue Cheese spreads  
Pickles, olives, scallions, radishes, celery and tomatoes

The festive band would be thrown open late in the evening and would continue open until the food was gone, Goldy said.

The last two weeks prior to a college student's graduation should be devoted exclusively to teaching him that he doesn't know everything.

"Incorporation" will be the theme of the series of meetings at the Lemon Grove Men's Club, it was decided Friday.

By a vote of 13 to 3, members announced their determination to pursue discussions on making Lemon Grove a sixth class city. Some members did not vote. Attorney Ken Barwick laid the motion before chairman Bert Betts demanding that the group take some action on incorporation or annexation.

The chair confused the issue by posing resolutions that would have cancelled each other out. Dr. Gilbert Chassey then motioned that "incorporation" be discussed at subsequent meetings and this resolution was adopted.

An election on incorporation was held in January this year but it failed by a vote of 573 with 1667 for and 2189 against.

Enthusiasm for incorporation stems from a nibbling away of present Lemon Grove boundaries.

Men's Club members are generally in agreement that tax rates will continue to rise as assessable property now in the Lemon Grove taxing area is removed.

Already Murray Hills to the north has filed for annexation to La Mesa; large and valuable property in the College Avenue area has already annexed with additional acreage under petition for withdrawal from Lemon Grove tax rolls; 150 acres south of Lemon Grove on which 600 homes are to be built will probably ask San Diego to take them in, and the proposed 1500 home Bullenbocher tract already seeking water through San Diego would set up a chain reaction which might put the entire valley in an uncontrollable position for San Diego annexation.

The Men's Club meets Friday noon at Michael's, and all interested males are invited to attend these meetings.

### A Flag and a Song

Thanksgiving isn't a particularly patriotic holiday... but it's exclusively American.

We think of it in terms of turkey and cranberry sauce, rather than the heritage from which all things American stem.

We thought it fitting that a patriotic essay, written by a high school young lady, be reproduced to set the mood for Thanksgiving. The writer lives in Ft. Mitchell, Kentucky. The state is replete with historical connotation... the article is well phrased... the meaning is succinct.

With it we wish you all a happy, and patriotic, Thanksgiving! —The editor

By ANITA GLATSTEIN

At least once in his lifetime, every American and most people in the world have heard "The Star Spangled Banner." Have you ever heard it? Did you get that tingling sensation, a feeling that you wanted to cry, but were yet so happy and proud to be an American?

Last week we went to a football game. We saw the two bands from the opposing schools playing "The Star Spangled Banner" together. We saw both football teams standing erectly at attention with their hands over their hearts. The majorettes, serious then, but happy, standing with their batons in their arms. All the onlookers—little children, students, and parents standing together as one big family.

The beautiful music penetrated the silence as each person was thinking his own thoughts. Slowly the big flag at the end of the field was raised into the sky so that every person could see it.

This flag and this song are symbols, symbols of America and of freedom. They are symbols that say to everyone, "You should be proud to be an American."

Some Sort of A LINE

Flattery is like alcohol. It won't do much harm if you get it a little at a time and not too often.

Then there is the gal that always dates sailors because she likes anything that smacks of the sea.

Roller Derby Standings Given

Standings of the Lane Field Roller Derby at the end of last week's competition are:

Chicago Westerners... 3  
San Diego Clippers... 1  
Chicago Westerners will be held over another week to compete with the San Diego Clippers Friday, Saturday and Sunday, November 25, 26 and 27.

Teams meet Friday, Saturday and Sunday evenings.

BEAUTY QUEENS IN CONTEST FOR SPAGHETTI QUEEN

When three attractive girls were named as Lemon Grove "princesses" of various events, Tom Hall, operator of Lemon Grove's only pizzeria, had a problem and it worried him. The worry passed until he could contain himself no longer and then he did it. He invited all three "queens" to eat spaghetti eating kingly in interest of the answer to a scientific question... "How much spaghetti does a queen eat?"

Tom, whose spaghetti parlor is known as Lido's and is at 7232 Broadway, said, "I got to thinking about it when the Princess Margaret-Peter Townsend affair was going. I wondered how much spaghetti she would eat if she let herself go. When I heard that Lemon Grove had three 'queens' I decided to do it. I invited them to a spaghetti eating contest and they all came."

In the photo are Janice Jewett, maid of honor in the Mother Goose Parade; Beverly Bodie and Marlene Apple, co-queens representing Lemon Grove in the Toyland Parade.

Bullietti said the contest ended in a draw. He declined to report on the number of servings each of the "queens" ate.

"It might discourage prospective husbands," Tom said.

## The Dimmer VIEW

By MAX GOODWIN

When the little band of Pilgrims made their way to America and landed on Plymouth Rock on December 21, 1620, they felt that they had left many of their frustrations back in England.

They set aside one day for giving thanks, and each year thereafter the same ceremony was repeated. That is how we come to have Thanksgiving. While this little (41) group of Pilgrims have left many of their frustrations on another continent, they certainly opened a kind of Pandora's box on a brand new set here in these new United States.

First, the holiday date itself was frustrating. President Lincoln in 1863 set the fourth or last Thursday in November as the celebration date. That unsatisfactory arrangement lasted until President F. Roosevelt divided it and let each part of the country choose their own date, and for three years great confusion reigned. In 1941 Congress set the fourth Thursday in November of each year as Thanksgiving Day and that is what we have today.

Neither the Pilgrims, nor Congress for that matter, has been able to subdue frustrations still existing among us.

For an oblique example, there's the Cat Curlew Law in Westbury, Long Island. It is now against the law for cats to prowl in Westbury after curfew. One of the reasons advanced for such an action is that curfew for dogs has been in existence there for many years. Probably one of the more frustrated husbands on the town council introduced the legislation.

Petitioners for the new law claimed under the old arrangement dogs were being discriminated against!

Then on the hotel scene two of our townspersons are actually mad at me. One, Harry Griffin, who is involved in that irrigation district property affair, is president of a firm in which Meyer Zung is vice president. When that story broke in the REVIEW, the firm, and each of its officials cancelled subscriptions to this newspaper. Then the frustration set in. Without the paper they couldn't see what that "job" was saying about them, so Zung makes it a habit of visiting a main-stem business firm to read this newspaper every Thursday.

The shop owner says he doesn't mind, but Zung, he says, is the only person who reads his REVIEW, then stomps on it.

Poling in Lemon Grove, too, can be frustrating. The pitifully small force (one) making up our police department is something less than adequate.

Hal Johnston, our patrolman, not only polices our business streets from dark till dawn, but he has to collect the money from individuals so the Chamber of Commerce will have enough money in the kitty each month to meet his pay. Even though the sheriff's department pays a third of his wages, there's barely enough.

The other night when Johnston spotted two youths inside a Broadway business house at 3 a.m. his wife had to hold target on the back door while the officer went around to the front. The frustrating truth is: Officer Johnston uses his wife as an officer companion because we won't pay to hire two paid officers.

More frustrating truth: Because we won't pay to have a radio telephone in the officer's car, Johnston had to march his prisoners across the street, awaken Ken Conrad the mortician, who in turn, called the sheriff's office. Sheriff's men for this district were in Gustay on a holiday report so Johnston had to baby sit the prisoners half the night. This is a police department!

Then there is the rather well known local investor who accumulated the bluishments of a rather well known local realtor and bought a piece of property just off our main thoroughfare. Idea was to make it business property, build office buildings with apartments attached. Lot is 105 by 65 feet. They applied for rezoning.

First he found there's a 75 foot setback on business property. The road is now 20 feet wide. That means 55 feet of the long side of the property cannot be used. Now 55 of the 65 feet is gone, that leaves eight feet. There's a five foot neighborly setback mandatory in the back. That leaves three feet.

Do you know anyone who wants to rent a building three feet wide and 165 feet long? Life is still frustrating, isn't it?

invited guests, a chance to hear two groups perform for the first time at the school.

The brass ensemble will feature works written for brass as early as the 18th century.

Flute soloists will be heard with a string ensemble in a sonata, by Handel.

Other composers to be featured are Vivaldi, Debussy, Bartok, G.

## The Mason LINE

by Chen Mason

Thanksgiving with some of the trimmings:

Much has been written about Thanksgiving. The turkey, the dressing, the things big and little for which we should be thankful—most anything we can say will be repetitious.

—ML—

We wonder, however, how many of us realize what a remarkable chain reaction is set up by the mere fact that one is truly thankful or grateful for his blessings.

Certainly grateful people are happy people and just as certainly happy people are kindly people.

Quite a world we would be living in if everyone gave thanks every morning, for all the wonderful things that were his, and meant it.

—ML—

We have all seen and heard these words: "We hold these truths to be self evident, that all men are created equal, that they are endowed by their creator with certain inalienable rights, that among these are life, liberty and the pursuit of happiness."

We are intrigued by the phrase, "The Pursuit of Happiness." Our founding fathers knew that happiness doesn't come easy, one has to strive mightily to achieve it and even mightier to hold it. Once the chase is over the right to pursue then demands its moral obligation on the part of the holder of that right. For as Shaw said in Candida, "We have no more right to consume happiness without producing it than we have to consume wealth without producing it."

Anyway, children, let's be truly thankful, at least on Thanksgiving day, for what we have and we'll all have a happy holiday.

### Teaching Procedures, Civil Defense to Occupy School Board

Parents of children in the Lemon Grove School District have a double reason for attending the school board meeting next Monday night, November 28, at the junior high auditorium. Both civil defense plans and the teaching of important school subjects are listed on the agenda for the 7:30 meeting.

In setting up a civil defense plan for the schools, the board, at its last meeting, expressed a desire to hear suggestions from parents of the children involved. Discussion arising from this meeting may help determine plans to be adopted here. The public is invited and urged to attend.

At the beginning of the evening, teachers from the school will present, in brief concise demonstrations, subject areas which are of extreme interest to parents. Social studies, including history and geography, English, and mathematics will be covered by Harry Butler, Mrs. Evelyn Whalen, and Mrs. June Mason, teachers at the junior high. The curriculum discussion will be introduced by Ben I. Schet, principal.

Other business on the agenda of the second meeting this month includes a report and discussion of annexation proceedings in the College Avenue area. The county board of supervisors has ruled that the decision on whether or not the area will be annexed by the city of San Diego will be made after hearings have been held for proponents and opponents. No hearing dates have been set to date.

### Paul Butler To Be Speaker At Demo's Dinner

Lemon Grove area Democrats are planning to attend a dinner meeting Monday at Craftsmen's Hall, with National Democratic Chairman Paul Butler as speaker. Butler will arrive in San Diego by plane the afternoon of the meeting.

Ginger McKenzie, 3033 Darryl Street, in Lemon Grove chairman for attendance at the dinner, which will start at 6:30. Craftsmen's Hall is at 3809 Center Street, San Diego, one block west of Park and University. The turkey dinner will be only \$1.50 and tickets are on sale only at the door.

Butler will come to this meeting almost directly from the four day meeting of the national committee in Chicago. He will bring to San Diego County a first-hand report on the "Shape of Things Come on the National Scene."

General arrangement chairman of the committee are G. K. Williams and Vincent Whalen, representing the state and county Democratic committees.

## PANEL SUPPLIES PROGRAM FOR SAN MIGUEL PTA

San Miguel PTA met Wednesday evening at 7:30. Colors were presented by Cub Scouts of Den 2, Pack 318, Mrs. Virginia Nusk, Den Mother.

Wiley Cornelius, third grade teacher, and carnival chairman, reported that the carnival at San Miguel this year was the best ever. He stated that as well as being a success financially, it was greatly enjoyed by the children, which was of first importance.

The topic of discussion for the evening was "Teamwork Does It in Emphasizing Moral and Spiritual Education." A panel discussion was held. Mrs. Theresa Scott, first vice president and program chairman, introduced the moderator, who was Byron Netley, superintendent of the Lemon Grove schools, who in turn introduced the panel participants: Helen Frazer, child psychologist in Dr. Richmond Barbour's office; Bruno Puschel, minister of the Lemon Grove Congregational Church; H. M. Hale, principal of San Miguel School, and Mrs. Byron Netley, parliamentarian of Ninth District PTA. This discussion proved to be very interesting and provided much food for thought.

Refreshments were served by the hostesses for the evening, the fifth grade mothers.

## Lemon Grove Screen Star Recovering From Operation

Dennis Hopper, Warner Bros. Studio's youthful star, is recuperating at the home of his parents, Mr. and Mrs. Jay M. Hopper, 3224 Massachusetts Avenue, Lemon Grove, after a nine day stay at Grossmont Hospital, where he underwent an operation for the removal of a cyst at the base of his spine. He expects to be home for two weeks enjoying his mother's cooking and watchful care, and getting well.

Dennis is 19 years of age and very modest in relating his screen experience. Interviewed by a Review reporter on Wednesday over the phone, he told of playing Rock Hudson, a part in The Giant at the Globe Theatre in Warner Bros., and later the lead in King's Row, in a tv show featured once a week by Warner Bros. on television, "Warner Bros. Presents."

Dennis expects to return to Hollywood when he is completely recovered but has not been told as yet what he will be "shot for."—D. H.

Thanksgiving proclamations by the President of the United States, or by the Governor of the State, or both, will be read as a part of the service.

After the opening Scriptural reading, prayer, hymns, the sermon will commence with the Golden Text from Psalm 107:12: "Rejoice in the Lord, ye righteous; and give thanks at the remembrance of his holiness."

Among the Bible selections are these words of Paul to the Corinthians, "But this I say, He which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully. Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity; for God loveth a cheerful giver. And God is able to make all grace abound toward you" (II Cor. 9:6-8).

"Christians rejoice in secret beauty and bounty, hidden from the world, but known to God," reads a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. It continues, "Practice not profession, understanding not belief, gain the ear and right hand of omnipotence and they assuredly call down infinite blessings" (p.15).

A period will be set aside for giving of testimonies by Christian Scientists appropriate for the occasion.

## POINSETTIA CONTEST OPEN TO ALL SAYS J. C.

Now's the time to start grooming your poinsettia plants for entry in the San Diego Junior Chamber of Commerce's seventh annual Poinsettia Sweepstakes. This year's popular flower-growing contest is now open, according to Skip Heiduck, sweepstakes chairman, to all San Diego home gardeners.

Part of the Junior Chamber's annual Poinsettia Festival, designed to spotlight San Diego as "The Poinsettia Capital of the Nation," the contest will again include three divisions: tallest plant, largest bloom, most prolific plant.

Entrants should send the following information to the San Diego Junior Chamber of Commerce offices by not later than noon of December 13: name, address, phone number, and dimensions of plant, or number of blooms. Participants may enter one or all of the divisions, but no 1954 division winner may enter the same division, said Heiduck.

Jacques will eliminate and judge entries December 15 and 16. Winners will be announced and presented with awards during half-time of the Poinsettia Bowl football game on December 17. Prizes to winners in each division will be a \$25.00 Savings Bond and a plaque.

## Homeland Justice Court Has Some Customers

Judge Luther Hussey found a full courtroom when he arrived at 4:15 Monday p.m. to hear excuses for numerous traffic violations and a couple of civil cases. Almost all the seats in the room were occupied by persons holding traffic tickets.

The civil case was a dispute between a landlady and her tenant about rent and how much should be allowed the tenant for a tv antenna left by him when he moved out. The tenant had paid his rent in installments of \$25 on a basis of \$85 per month, with a lease to be signed when he got the coin for first payment. Tenant moved in without signing the lease, on August 27, and the battle started when the tenant decided to move two months later, giving the landlady notice. There was some argument

about the rent, the tenant thought \$3 per day was better than \$85 per month, but the landlady thought a \$10,000 house was worth more, and insisted that the lease rate was \$85, didn't apply to monthly rate.

Judge Hussey got out his ball point pen, figured what had been paid and the value of the antenna and came up with \$25 the lady owed the tenant. She didn't like the verdict, but the tenant left, so she had nobody to talk to but the judge, and he doesn't converse readily after rendering a decision, so the lady left talking to herself.

This reporter didn't stay to hear the traffic cases. Witnesses talk too low and we can't hear 'em. As we left the room we heard someone say "Looks like old home week."—D. H.

## Purchaser of Carr's is Area Booster

Purchase of Carr's Hardware, 7834 Broadway, and a subsequent removal sale was announced last week by the new leaseholder, James Mulvaney, a San Diego investor.

Mulvaney, a former Chicago attorney said that the merchandise purchased from Carr's would be sold out at sizeable discounts and that a new tenant would take over the premises.

Mulvaney said that the name of the tenant could not be revealed for about ten days. He also said that the new tenant will release details concerning the premises.

Mulvaney said that he had conducted a searching survey of the southern part of California and that the area surrounding Lemon Grove "looked like the most financially rewarding in the United States." He said that he was prepared to "invest substantially" in this general area. He will not operate the retail business at Carr's address, he pointed out.

Mulvaney recently purchased an interest in the Padres and is vice president of the organization.

## TWO BIKES IN STORAGE AT JUSTICE COURT

Two boys' bikes are in custody of Sheriff's sub-office in Homeland Justice court.

One, a big boy's bike is a J C Higgins production, found at A & W Root Beer on November 8. It is red with white handles, white light, white trim, seemingly in good condition. See the Deputy Sheriff in charge of office.

The other bike is for a smaller boy. Tag says Donald Turner, 14 years, 1941 Fairhaven, dated Sept. 30, '55.

Ask the Business Women's League or your L.G. merchants about CHRISTMAS CAROLE.

## More Members Wanted in Toastmasters

A new Toastmaster's Club, now forming in the Lemon Grove-Spring Valley area, has tripled in membership in one week's time. Approximately 15 people have indicated a desire to join. This is half of the total allowed membership of one club unit.

The second meeting of this embryo club met last Wednesday at the home of Charles Serr, with the following temporary officers elected: chairman, Charles Serr; secretary, George Fickas; and treasurer, Robert Richardson. Two past presidents of the National City Toastmaster's Club 161, Robert McPherson and Leo Mulcahy, were guests and acted as advisors for the evening. This neighbor club has been the driving force behind the formation of the group in this area.

Charter negotiations have already been started with the Toastmaster's International, Santa Ana, California, however the membership is still open to any interested person in either Spring Valley or Lemon Grove.

The next meeting will be held at the home of Charles Breninger, 3424 Fairway Dr., Monday, November 28.

Additional information may be obtained by calling HO 6-6480 or HO 9-1636.

## STATE COMPENSATION PAYS BIG TAX

In payment of the annual insurance premium tax bill, the State Compensation Insurance Fund sent its check for \$661,549.49 to the state treasurer this month.

The tax is computed on the basis of 2.35% of net premiums, the same rate applied to all insur-

## Three New Chairmen Named For Hospital Auxiliary

Three additional area chairmen have been elected for 1956 by their respective units of Grossmont Hospital Women's Auxiliary: El Cajon, Grossmont, and La Mesa. Election results in Lakewood, Lemon Grove, and Spring Valley, were announced earlier. Alpine, Fletcher Hills, and Jamul have yet to be heard from. These results will be announced later. All area chairmen-elect will take office at the December 9 general meeting.

Mrs. R. T. Strong, 1105 S. Mol-lison, will wield the gavel for the El Cajon area next year. She has long been identified with the auxiliary's activities, and is well and favorably known to the community. Mrs. Roselyn Knoschen, 273 Carter Street, will assist as co-chairman.

Grossmont's choice is Mrs. Philip Mountjoy, 4804 Mt. Helix Drive, who, during 1954 and '55, has very capably occupied the highly important but often frustrating post of general telephone chairman for the auxiliary.

The La Mesa area has elected Mrs. Glen Crosbie, 7730 Normal Avenue, to supervise that group's

1956 activities. The group looks forward to continued growth and participation under her leadership.

The year 1955 brought new responsibility to the area chairmen and to the area organization—each of which includes a representative on major committees, such as ways and means, membership, sewing, garden, publicity

and publications, telephone, etc. Under the newly-amended by-laws, at least six meetings per year—dates to be set at the area chairman's option—are required to be held in each area. The extent of the region from which members are drawn, plus membership growth, have made increased area responsibility necessary.

When MAX GOODWIN, editor and publisher of the Lemon Grove REVIEW and the Spring Valley BULLETIN, was looking for a likely place to start a newspaper, he consulted his roadmap and saw that the Lemon Grove - Spring Valley area was at the hub of all the roads in Eastern San Diego county. Seeing ahead with a newspaperman's trained eye, Max figured this area would be the site of tremendous growth and business activity - the perfect spot for his newspaper. Max bought the Lemon Grove REVIEW about 3 1/2 years ago - last year added the Spring Valley BULLETIN - every day sees more proof of his prediction that our strategically - located community is the fastest-growing area in San Diego County! Max's newspapers play an important part in our community affairs, serving as a sounding-board for activities important to Lemon Grove and Spring Valley citizens.

Pamela Journey, telephone company service representative, unpacks some of the new types of telephones that will be displayed at the Electrical Show November 25-30. The new Imperial set is shown, upper right.

Many of the latest type telephones will be displayed at the Electrical Show in Balboa Park on November 25-30.

One is called an "Imperial" set. It is composed of a gold tinted base, with an ivory handle and transparent dial. It has a continental design, and is designed primarily for the living room or the bedroom.

A wall-type that is recommended for the kitchen will be exhibited. It can be installed out of the reach of small children. It comes in a variety of colors.

An ultra-modern telephone

can be operated without the use of hands while carrying on a conversation. Called a "Speakerphone," it is a combination of a regular set and an additional speaker for incoming calls.

It has the advantage of permitting the user to do things with both hands while carrying on a conversation. For example, a housewife can be drying dishes while talking on the telephone.

Also included in the telephone company exhibit will be colored telephones, a set whose volume can be regulated for the hard of

hearing, automatic answering and recording equipment, and continental-type telephones.

### Free Electric Show Will Look to Tomorrow

"Preview of Tomorrow's Living," is the theme of the 18th annual admission-free Electrical and Home Appliance Show which opens Friday night at 7 o'clock in the Electric Building, Balboa Park. It will be there for a six-day stay until November 30. After the first day doors will open at 1 p.m. each day and close at 10:30 p.m.

According to J. Clark Chamberlain, secretary-manager of the Bureau of Home Appliances, which sponsors this annual San Diego event, visitors to this year's show will see for the first time many new products in the electrical and home appliance field. This show will also be the scene of the first public showing of the 1956 models of famous brand-name appliances. Under one roof sightseers will preview innovations which will contribute so

much to better living and greater leisure in the immediate tomorrow. They will also marvel at numerous electronic exhibits that are indicators of still more wonderful things to come in the not-too-distant future.

Chamberlain says that whether your special interest is color television, built-in and color kitchen, hi-fi, or any of a vast number of home subjects, you will discover the latest developments in any field at this show. He added that a corps of home economists representing leading appliance manufacturers will be present to give expert advice on such matters of interest to homemakers as modern methods in food preparation, laundering tech-

niques, and care of appliances. Santa Claus will be there again this year to say "hello" to the kiddies and hear their Christmas requests.

Door prizes will be given away each day at 4:30 and 9:30 p.m. as usual, Chamberlain said.

YEAR OLD FIRM EXPANDS

Harry Wilson grinds glass at his new plant at 3448 Imperial Avenue, Wilson, operator of Lemon Grove Glass and Supply Company, recently took up new quarters after he outgrew a plant on Grove Street. He has been in business in Lemon Grove only a year.

The firm supplies glass for autos, including curved windshields, residential and commercial buildings, table tops and mirrors for homes.

In addition, he handles Pabco Paint products.

Grossmont Hospital  
Doing Big  
Baby Business

Twenty-seven babies in four days set a new record in the maternity wing at Grossmont. The new arrivals were twin boys, the third set of twins to be born at the hospital since it opened on August 15.

Of this young army of newcomers, Lemon Grove sponsored one boy, Spring Valley welcomed a girl and two boys.

Mr. and Mrs. James Bradbury of 8102 Imperial Avenue, Lemon Grove, are proud parents of a boy, Gary Ross, who weighed 7 lbs. 3 oz. The Bradburys have three other children, two girls of 7 and 8½ years respectively and one boy with 22 months to his credit. Looks like Gary will even things up a bit in the household, besides getting a lot of love for

with that name, and she has a little daughter named Susan Carol who is a nice piece of femininity. But please don't think we want to name all the kids in Spring Valley. Too big a job. Besides, the fond parents have probably had a nice name picked out for some time.

Another Spring Valley newcomer is Gregory Dean Herrick, who arrived at Grossmont Hospital November 13. Mrs. Herrick picked "Gregory" out of the fog, and Dean is Mr. Herrick's front name. The young man has two sisters to take care of him when Mama Herrick is busy. B. Gai seven, and Tami, three.

Mr. Herrick says they timed their arrival at the hospital pretty well, had to wait only two hours for the event. He delivered Tami himself, as they figured too close to get the doctor. Mr. Herrick says they are thrilled, not having expected a boy.

There were arrivals at the hospital during the late flurry from El Cajon (of course) with six girls and three boys, Lakeside, two girls and a boy; San Diego three girls and three boys, Fletcher Hills, two girls, three boys; La Mesa, one girl, two boys.

The REVIEW staff gladly welcomes all these little strangers. We think they have come to the right area to make their homes, and we hope they have, each and every one a long and healthy life.—D. H.

Cold dry air lends itself well to the preservation of organic matter. Scientists say that food stuffs could be stored in the Antartics to build up reserves or to stabilize the world markets.

Why I Think You Should Go to Church This Sunday

DONALD R. COOKE, PASTOR  
LEMON GROVE METHODIST CHURCH

ONE IN A SERIES OF ANNOUNCEMENTS

SPONSORED BY FRED WARD LUMBER CO.

H. G. Wells, the historian, once said: "Until we find God, and until we are found BY God, we begin at no beginning, and work to no end."

The Church exists today to help men begin at the beginning and work toward a purposeful end by putting them in touch with God. Perhaps this is our greatest need. We go racing along through life, pushed by the ever-increasing demands on our time, but there is so often no substantial and satisfying goal that makes all our striving worthwhile. We are racing, but to where and for what?

The Christian gospel (which means "good news") is the central thing the Church offers to men and women, children and youth. This gospel declares that only in relationship to God can a man discover the satisfying purpose for his life. The gospel furthermore states that men can live harmoniously with each other only when they "find God, and are found by God."

The Christian Church offers you life with a capital "L." Life with a purpose. This purpose you will find as you discover the will of God, and the joy of following that will. Church attendance gets us out of the rut of just living for ourselves. Living for oneself has never been a purpose large enough to satisfy and challenge us very long.

Remember the words of H. G. Wells, and attend the Church of your choice next Sunday.

## Spartans Edge Highlanders in Titanic Title Clash

Final score: Chula Vista 13,  
Helix 6. The record books will  
show the foreign Spartans the  
winners, but in the personal book  
owned by every Helix student,  
faculty member, plus the sup-  
porters, backers, followers, par-  
ents and people concerned with  
the Highlanders, it was another  
Helix victory. A victory in faith,  
though not in fact.

For a school to fight so hard  
against a far superior team and  
come out a sparse six points shy  
of tying is really something to  
"crow about." Personally I'm so  
proud to be a Helix alumni (this  
year anyway; we all have our  
ups and downs) that I could fill  
this page with the deeds of our

gridders "from here to eternity."

The Highlanders flexed their  
muscles, showed they weren't  
afraid of a team with an impres-  
sive record and really rallied  
their clan to a "game is a game."

Fog was the password on the  
Helix plant Saturday night as  
this titanic title clash was mak-  
ing history, in fact half the game  
the coaches couldn't even tell  
who had the ball, if anyone  
scored, how many men were on  
the field, and a few other minor  
upshots that cause some grid  
mentors a double dose of ulcers.

The game was lost but a couple  
of other factors shown through  
the fog. First, Dave Olson, fleet  
Highland halfback, was the in-  
dividual Metro League leading  
scorer with a comfortable 30 dig-  
its; secondly, the Highlanders  
finished in second spot with a  
3-1 record in the league, and

## Music Parents To Buy Another Instrument

Music Parents Club of Lemon  
Grove met recently with Mrs.  
Peggy Amundson presiding. The  
musical program included a clar-  
inet quartet played by Nicky  
Stumbaugh, Danny Narr, Guy  
Hunter and Jinx Stevens.

Fund raising projects include  
a dinner to be held the first week  
in February, the profits to go  
toward the purchase of an in-  
strument for the music depart-  
ment. This also will be purchased  
for the Boys' Glee Club.

The Lemon Grove School Band  
and Pom Pom Corps participated  
in the annual Mother Goose Pa-  
rade and won three awards. They  
also will march in the North Park  
Toyland parade December 5.

The next meeting is scheduled  
for Monday, December 5 at 7:30  
p.m. in the music room of the  
Lemon Grove Junior High. The  
Girls' Triple Trio with Heather  
Hunter, Beverly Lebb, Sharon  
Gooch, Anne Miller, Linda Jack-  
son, Georgia Moore, Peggy Her-  
rod, Susan Starr, and Helen Gor-  
don, with Jeanette Cole at the  
piano, will perform the musical  
portion of the program.

## JUNIOR ACHIEVEMENT GROUP STARTS PRODUCTION

Area youngsters soon will start selling products of their own "factory" as part of a local Junior Achievement program.

Whirlbarrow planter boxes are the main production item of this group. Left to right are: Art Cornelius, 8330 Allen Drive, Lemon Grove; Barbara Puts, 8340 Jamacha Road and Dorothy Davis, 9610 Helix Street, Spring Valley. Group advisor looks on.

### Mrs. Phillips Named Area Chairman of Hospital Auxiliary Group

At a meeting held November 7, the Lemon Grove area of Grossmont Hospital Women's Auxiliary elected a new area chairman for 1956—in line with a provision of the auxiliary's newly-amended by laws, that each area elect its town chairman. She is Mrs. William K. Phillips of 4633 Valencia Drive. Mrs. Phillips, who is one of the area's younger matrons, is known to be a very able and energetic person, and the momentum gained during Mrs. Herbert S. Haag's suspicious chairmanship is expected to continue if not accelerate.

The newly-elected area chairman will be installed at the December 9 meeting, along with other officers-elect. This will be

the auxiliary's annual meeting; a general meeting that will be held at 7 p.m. Refreshments will be served. Committee chairmen have been requested by the auxiliary's president, Mrs. J. Forster Counts, to submit their annual reports, in writing, by the first week of December, so they may be digested in advance of the annual meeting.

Changing one thing for the better is worth more than proving a thousand things are wrong.

### Helix Irrigation District Directors Hear Squawks—Sell Land

By DICK HENDERSON

Except Joe Levikow, all directors of the district were present at Tuesday's meeting, with attorney Jennings and manager Shelton and business manager Byron Miller in their usual places around the big table. All the chairs at the table have cushions, but the chairs for hot polio are solid oak, and they get pretty hard before the meetings adjourn. Some members of the board, also Mr. Miller, speak in low tones, so we don't get all the conversation at times. It is a joy to hear Mr. Shelton. He speaks right out, clearly, and even with his back to the rear seats, is understandable.

There were 25 items on the agenda, with three resolutions—two of quit-claims of easements, one a tax deed to Louis L. Woods and wife, covering Lot 4, Block 1 of Fletcher Hills No. 1.

Ask the Business Women's League or your L.G. merchants about CHRISTMAS CAROLE.

Two requests for large meters—A. L. Shaw for 1/2 inch meter for service to five-acre parcel in portion of Lot 4, Block 40 Sub of S. Tract, Rancho El Cajon and another from Dr. A. I. Hyland for 1/2 inch meter for irrigation on 1 1/2 acres in Arty 46 in NW quarter of Sec. 22.

Warrants for \$15,623.88, were approved. Utility Construction Co. got \$7,156.65, Lawrence, Fog and Florer pulled out a plum of \$3,231, and San Diego Pipe and

Supply Co. got \$2332.48, Richard Dickerson got \$336 and C. W. Russell \$130, others drawing various amounts. Jim Squires got only \$221.46. Collections will be better soon, Jim.

Kenneth W. Price, 9291 Wister Drive, complained because the district shut off his water. He went away without making any arrangements as to paying his bill, thought that his owning the property and having been a good customer for a long time entitled him to a little leeway. It was de-

cided that the district could not keep a record of each amount and that had Mr. Price made arrangements as to paying the bill before leaving on his trip the matter could have been arranged. If you are going away from the lovely district for more than a month, you better call at the water office and make some arrangements, perhaps leave a checkie.

An amended offer of \$2,000 instead of \$1500 previously offered, with interest on the unpaid bal-

ance, was accepted on motion of Harry Griffen. This was for the purchase of property in Moody's South Addition, and was made by Auren Pierce.

Leah Grosse will get additional compensation for secretarial duties on the Citizens' Advisory Committee, during bond issue work. The work has doubled and will be heavy till after election.

# Assessor Gives Government Holdings As Tax Boost

Arthur Eddy, county tax assessor, gave government holdings in San Diego County a 2.5 per cent factor toward tax hikes in the county. Government exemptions total about 54 per cent. That is outside of veterans' exemptions. These figures were given out at the November 18 meeting of tax officials and county taxpayers in Balboa Park.

Here are a few figures issued by the county in its agenda.

Total assessed value for San Diego County, 1940, \$221,461,843. In 1955, \$603,257,210.

Total value of land, 1940, \$82,088,321; for 1955, \$243,739,749.

New subdivisions: 1940, five; 1955, 135.

Number of ownership changes and parcels affected: In 1940, 13,799, 53,160; in 1955, 38,399, 153,478. The rate was higher in 1955.

Total value for improvements: In 1940, \$94,971,714. In 1955, \$479,830,240.

Total value in personal property: For 1940, \$24,923,030. In 1955, \$124,603,800. The rate was higher in 1955 and 1954.

Number of personal property statements: In 1940, 50,707. In 1955, 194,847. All other figures between the two dates were higher.

Veterans' exemptions: In 1940, 11,948, \$8,216,442; in 1955, 62,063, \$49,239,290. The figures were higher in 1954.

Church exemptions: In 1940, 255, \$1,693,320. In 1955, 534, \$4,221,700.

Welfare, orphanages and privately owned college exemptions: In 1940, \$93,690. In 1955, \$9,791,690.

Total state granted exemptions in San Diego County: In 1940, \$8,939,372. In 1955, \$64,446,280.

Regarding veterans' exemptions Eddy said the department is trying to solve the problem. An annual meeting with the Veterans' Bureau is expected. Eddy said that everything is being done by the department to keep taxes as low as possible. He cited several instances where taxes were at a low figure. He said the department was depending largely on the honesty of the taxpayers when they paid in returns. "I have found out," he said, "there are just two kinds of people who do not like to pay taxes... men and women."

The new county civil service director, Clayton Swanson, told of the problem of sending assessors into the field and how the person is picked through civil service.

T. H. Hegland of the county administrator's office said the residences of the county did not pay their way as far as taxes are concerned. He said that San Diego is one of the poorest cities in California, with a rating of 50th which has climbed lately from 58th. Our per capita, he pointed out, is the lowest in the state. The rapid growth of the county will be quite a problem in the future, was his conclusion.

Harold Requa, chief deputy assessor, told of the value rise in property due to freeways being constructed. In reply to a question by the Spring Valley Chamber of Commerce, "Will the taxpayers be assessed for the improvements along the freeways, such as metal fencing, etc?" he said, "No, the improvements are taken from the state gasoline tax."

## Will Eat Wild Turkey On Thanksgiving

Mr. and Mrs. Ken Ruster will spend Thanksgiving with Apache Indians.

Think that's funny? Wait till we explain.

Mrs. Ruster's brother is Guy McKinley, special agent at White River Apache Reservation. Really, he is the Apache's special representative, as he handles governmental matters for the Indians, and is paid by them.

It was interesting to learn that White River Apache Reservation covers about one-eighth of Arizona, and the Indians are rich. Cattle raising is their chief source of revenue—they have white-face Herefords in large numbers, besides gold mines, copper mines and other money-making properties that bring in the millions to the tribal treasury.

The Indians get a certain sum of money, an allotment of food and other grants from the government. If they want to, they buy the choicest beef and throw it in the pot, to be eaten by the whole family. No special time is set for meals, they just dip in when hungry.

Ken told about an Apache youth who joined the Navy and after a year of discipline and Navy cleanliness went home for a visit. He overstayed his leave and when the Navy sent men after him they had to dig him out. He was dirty and had reverted to tribal habits, and had to be taken back to the ship by force.

Game abounds on parts of White River Reservations, and Ken and his Miamas expect to have wild turkey and venison on Thanksgiving. Maybe we'll have a real story for you next week.—D. H.

## FOUR DAY HOLIDAY TO JAM ROADS

Be able to give thanks on Thanksgiving weekend by driving carefully and being courteous on the highway.

With four days of vacation coming up for most people next week and with national emphasis on Safe Driving Day, the traffic safety council is urging motorists and pedestrians to be doubly careful.

"Everyone in San Diego County who can possibly get away for the four-day holiday weekend will be on the road," the council said. "We'll witness some of the greatest traffic jams of the year, from next Wednesday night through Sunday."

"In order to make it a happy holiday, do all the things you must do to drive to survive. And remember the other fellow may not be as cautious, so why don't you be your brother's keeper for that period and save not only your life, but his too?"

### Realtor Entertains Grandson While Boy's Parents Visit Mexico

Mr. and Mrs. B. Chas. Hesser, 8513 Golden Ave., have recently enjoyed a visit with their grandson, Ricky Morgenson, 10 years of age, while his parents went to Mexico City for ten days. Mr. Hesser is associated with George Casteel in real estate business.

Mrs. Morgenson, Jane, is the Hessers' daughter, and her husband James, is a chemical engineer, but not working at it. The Morgensons' home is at Newark, California, near San Francisco, where he is training for the management of one of his employing company's huge factories. These factories are to be built by this company in different parts of the United States, and James thinks he is slated to manage one of them, but he doesn't want to leave California.

Mr. Hesser was in the Navy during WW II, didn't see his family for three years, didn't see his son-in-law for a year and a half after his daughter was married, though both gentlemen were in the Navy and fighting the Japs. Hesser tells with glee of his daughter's paying board after she married. Jane lived with her mother, and mother told her she would have to pay board. Jane demurred, but mother was firm. "Your father supported me after we were married and your husband will have to support you," so Jane paid board.

Mrs. Hesser put the board money in the bank, along came an emergency and Jane needed \$1,000, so mama took her to the bank and showed the bank book in Jane's name, gave her the money. "Only way she could get Jane to save her money" she said.

When Mr. Hesser came home Jane approached her Daddy, said "You didn't give me a wedding present," Hesser said "Your mama did for us both. (This was besides the board money.) Jane insisted that her Dad should contribute, so he did, more than mama had. He had been lucky at poker on the way home and had about \$2000 in his wallet, so he

peeled off \$1,000 and added one cent, "to beat Mama's contribution." The next day Jane went to the bank and deposited the \$1,001, and it is still there.

The Morgensons had a wonderful time in Mexico City, wanted to stay longer, but duty called, so they came "home" to Lemon Grove, picked up their son, who wasn't anxious to leave Grampa, and went their way to the Golden Gate—D. H.

**SERMON DENOUNCES EVIL**  
"Watch ye, stand fast in the faith, quite ye like men, be strong." These words of firm counsel, given by Paul to the Corinthians in his first epistle (16:13) will be the Golden Text of the Sunday Lesson-Sermon in all Christian Science churches. "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced," is the subject. Isaiah reveals God's purpose to destroy bondage when he says, "The Lord of hosts hath sworn, saying, . . . I will break the Assyrian in my land, . . . then shall his yoke depart from off them, and his burden depart from off their shoulders. This is the purpose that is purposed upon the whole earth; and this is the hand that is stretched out upon all the nations" (14:24-26).

Arthur Levitt, New York City controller, said: "The right kind of new teachers, using the new skills of mental hygiene, can help prevent juvenile delinquency."

# Thanksgiving

"Togetherness"

Thanksgiving Day is more than turkey, pumpkin pie, nuts and sweets, it is a family day—one for reunion, for prayer and feasting together. "Togetherness," a word coined by McCall's Magazine, seems to warmly embody the true spirit of Thanksgiving, and of today's American way of life.
